So does anyone have a graphic of the WEND security patrol sign that we'll be putting in our yards? I'm curious :)

Is this a final design? Saying "West End Security Patrol" makes it seem not as official, could we say "patrolled by off-duty APD officers?"

We wanted to go with something general and follow the example of other neighborhoods. This sign has been already sent to printers, but your point is valid. In the situation we are, it may be more effective in scaring criminals off, if we put "protected by off-duty APD officers" on the sign. I am looking into this possibility right now. I have just called the printer and should know in about two hours if we still can make any changes. I would like to put on the top of the sign -"these premises protected by off-duty APD officers" and the rest would stay the same.

Also, I thought it would be a good idea to have car magnets with the same logo for our officer's car. He would stick them to the car when working for us for visibility.

What do you all think about this idea?

I should know soon how much they would cost.

I think we should put a poll out for the members to decide. Also if we had the cost it probably would help.

Joshua,

They were shipped Friday 04/14/2008 and will be in on Wenesday. As soon as they arrive, we will distribute them to all the members. I count on Wenesday evening.
I will send an emial to all the members tonight.

Have you had a chance to talk to Officer Martin?

Hi everybody,

We received our signs yesterday. Tonight we will be delivering them to the members. See you...

John, are you going to help?

Guess what I saw tonight. People selling bbq outside on Lee Street as if they had a license to do this. I called officer Smith but he had gone for the day. He saw he would send someone else to look into this. People just think they can do anything.

I had posted an email that was send to me about tagging your electronics. Currently, that is not available in our area. But I wanted to tell you about a thread that is in our other chatroom.

There is a camera which cost about \$40.00 and you can get monitoring of it free on the web.

Panasonic BL-C1A. The wireless version is Panasonic BL-C20A.

The website which records your day for 3 day free is www.ourwatch.net.

One of our neighbors was able to bring down a drug house using this camera.

As the patrol liason between member and officers. I will set schedules, informing members of times to call (he must sleep Ha ha.) I will post shift reports no later than 1 week from acquiring the report to the members and this forum. I want to also go by each members home and show them the reports and talk with them. I would like to know what can be done better and what works. We have had a very good last month in relation to crime. I will give you a run down in the next couple of days. Please continue your support of the patrol, It is working. Thank you.
