Hi Guys:

Just found out that a neighbor was robbed at gunpoint last night around 10pm. This happened at the corner of Greenwich and Hopkins Street. The victim owns a Escalade and told my neighbor (who told me) that the two thieves approached him on foot. My neighbor was unable to give a description of the two but he made a reference to the guys in the house near the corner of Oak & Hopkins St. It's the holidays be careful!
