## Fireplace Restoration

Posted by VirtualM - 2010/01/30 15:58

---

Hey folks - we are looking for someone good to restore our fireplaces (mantels, bricks, tile, etc.) We have four of them, and we want one of them to really be a showpiece with authentic tile, a gas insert, etc. The others will need a range of work done from simply re-grouting to rebuilding the brick. We do have mantels on all of them. If you have a recommendation, please pass it on.

Thanks!

I know one restorer from Macon. I heard that he is very good. I can give you his phone number.
