Folks, the Decatur Old House Fair is coming up on March 6th. Last year it was a lot of fun, plus admission is only \$10.

Last year's fair gave me a ton of ideas and saved me a lot of money on the Wren's Nest restoration project. I learned about working with contractors, historic landscapes, window repair, and on and on.

In short -- definitely recommend you check it out if you've got an old house.

I'm not sure what we'd need to do to start, does anyone on the group have any experience writing proposals? Also, where could I find demographics for Oakhurst
