
Bumper Sticker

Posted by cubana - 2008/05/06 23:44

John has been harassing me about his idea of a West End bumper stickers so I am going request the idea to be put on the agenda at WEND.

When he presented to the body people had issue over the style. I decided create another sticker style.

I would like to read your comments.

PS the colors are WEND colors <http://atlantawestend.com/myjoomla/images/fbfiles/files/Presentation2.pdf>

It is a possible. The one I design has flaws.

1) it should say "historic west end" since we are promoting west end.

The reason I did not put WEND because we decided to promote West End.

The concept of "WE" on the bumper sticker is catchy because it spells "we" has in us. I have attached a change per John (I am only doing this because his computer is down <http://atlantawestend.com/myjoomla/images/fbfiles/files/change2.pdf>)

http://atlantawestend.com/myjoomla/images/fbfiles/images/WE_copy.jpg Please take a look at the designs attached, for the bumper sticker, and let me know which number you like. Once a design is decided on, I can add color.

I like no.6 the most. We can put a poll on the website and people can vote for a week. What do you think?

I am torn. I like number 3 because it has the year and it is different. I like 6 because it is oval. I like 13 because it has the year and it is oval but it does not say west end.

Let do a poll and have the top three presented for a body vote.

Rachel, Can we add the year to no.6?

Nos 6 and 9 are the only ones I can feasibly see putting on my car, and even then I favor 6. I think our best bet is to keep this as simple as possible, since bumper stickers are to give a quick impact.

I like 6, 9 and 1, in that order I guess, although it would be nice to know the dimensions of these bumper stickers before voting. I actually prefer traditionally sized bumper stickers to oval ones, so I might prefer #9 or even #1 to #6 depending on the size of #9 and #1.

I also like plain old black and white, and I'm not sure I would like these designs depending on what colors they are printed in. They look fine in black and white, and I agree with whoever said the simpler the better. Black and white is simple and probably costs less to print.

I like a couple of other ones but for the bumper sticker it should be 6. I have no problem with using another sticker/logo if you wanted to put it on our stationary. I had the basic design as number six 4 months ago but i was told it didn't fit into the fabric of the community. What the hell does that mean?

It seem #6 is a winner. John WEND already has a logo. It just too busy for a bumper sticker.

What the hell does that mean?

It's oxymoron.

Re:Bumper Sticker

Posted by cubana - 2008/05/14 08:47

It is so not an oxymoron! WEND has an official logo. The one that is on this website. However, it has a lot of things in it. And if you notice most people like the simple ver. of the bumper sticker. Anyway, I have asked for a price for number 6,3 and 13.

Good morning Vonda !!!
The comment was regarding the fabric of the community not Wend logo..

Thanks. I am going see if we can put this on the next meeting's agenda. I have not gotten a price yet but I will let everyone know as soon as I get one. Love the design. I am glad I stirred the pot and got this in the forefront of everyone minds.

PS after we buy them everyone is going to have put them on their cars. And drive around the county and state showing them off. :woohoo:

I wonder if we can get WEND to pay for our gas!:P
