## request for fall vegetable planting

Posted by cubana - 2008/09/14 15:15

---

I am in the process of deciding what to plant and I am taking requests.

so far I have the seeds for:

Cabbage  
Kohlrabi  
beets  
lettuce (two kinds)  
spinch

If you want me to plant anything else so I can give it to you next year, you have two weeks to let me know what to plant.
